

Your World Through a Circle

Your drawing could be:

- A view - look outside, inside or through a window.
- Imagine somewhere far away you'd like to go - an island, a planet?
- A close-up of nature - a flower, insect, feather or stone. How about a leaf rubbing?

Artist Nancy Holt created "Sun Tunnels", an outdoor artwork made of four huge concrete tunnels placed out in the desert.

The tunnels are big enough to walk into and look out of. What view would you like to see from a tunnel?
